Yabaluri Keerthi Sri

+91 7989092112 | yabalurik@gmail.com | LinkedIn | Hyderabad

PROFESSIONAL SUMMARY

4th-year Computer Science student with strong foundations in Java, Data Structures & Algorithms, Computer Networks, Operating Systems, and Database Management Systems. Skilled in developing full-stack applications using Spring Boot, React and databases. Proven leadership through IEEE and technical event management, with a strong interest in networking technologies, customer experience, and solving real-world technical challenges.

EDUCATION

Anurag University, Hyderabad **(2023 – 2027)**
Bachelor of Technology (B.Tech) : Computer Science and Engineering - (CGPA – 9.07/10)

Narayana Junior College, Hyderabad **(2021 – 2023)**
Intermediate : XII TSBIE - ***(Percentage – 92%)***

Sri Chaitanya School, Hyderabad, Hyderabad **(2020 – 2021)**
10th : SSC - *(**Percentage** – 100%)*

SKILLS

Programming Languages	**:**	Java,C, Python
Web Development	**:**	Spring Boot, Java, React JS, Node JS, JavaScript, HTML, CSS, Tailwind CSS
Database Management	**:**	SQL, MongoDB
CS Fundamentals	**:**	Operating Systems, Computer Networks, Software Engineering, OOPs, DBMS
Soft Skills	**:**	Communication, Adaptability, Team Collaboration, Creativity
AI & Developer tools	**:**	GitHub Copilot, ChatGPT, Claude

EXPERIENCE

R&D Intern | Encrypta – Sidhani Technologies Private Limited ***Sep 2026 – Dec 2026***

- Worked on software development, research, and technology development as part of the R&D team.
- Contributed to problem analysis, problem-solving, and critical-thinking activities related to technology development.
- Explored technical solutions and supported the development and evaluation of software-based solutions.

TECHNICAL PROJECTS

LoanCheck – Bank Loan Eligibility Checker
Technologies: Java, Spring Boot, React.js, REST APIs, Bootstrap

- Developed a full-stack loan assessment platform that automates eligibility checks based on income, age, and employment parameters.
- Reduced assessment processing time by 25% by implementing an efficient decision engine in Spring Boot to handle complex banking rules.
- Engineered a responsive frontend with React.js and Bootstrap, integrating RESTful services to deliver real-time eligibility feedback.

- Architected a modular backend with a dedicated business logic layer and rigorous input validation to ensure system reliability.
- Optimized data flow between the client and server by designing clean API contracts, resulting in seamless integration and improved performance.

PawRescue - Animal Welfare Crowdfunding Platform

Technologies Used: Razorpay, Cloudinary

- Developed a full-stack MERN crowdfunding platform supporting 1,000+ users across donors, verified rescuers, NGOs, shelters, campaigners, and admins.
- Integrated Razorpay Checkout with backend payment verification and automated campaign funding updates for secure real-time donations.
- Implemented campaigner verification, admin approval workflows, Cloudinary uploads, donation history, dashboards, and notifications to improve transparency and platform trust.

Arbitrary-Precision Calculator - Technologies Used: Python

- Designed a custom arbitrary-precision arithmetic engine capable of processing integers with 10,000+ digits using string manipulation techniques.
- Validated algorithm correctness through 250+ unit and boundary test cases, achieving 100% output consistency against Python's built-in arbitrary-precision integers.
- Conducted 5 iterative optimization phases, reducing average execution time by 20% while improving code maintainability.
- Developed a fault-tolerant command-line interface with extensive input validation and exception handling for enhanced reliability

CERTIFICATIONS

- Cisco NetAcad – *Exploring Networking with Cisco Packet Tracer*
- Java Programming Fundamentals - *Infosys Springboard*
- Data Structures - *Infosys Springboard*
- Introduction to Operating Systems – *NPTEL Swayam*
- Cloud Engineer Learning Path - *Google Cloud Skill Boost*
- C for Everyone – *Coursera*
- Web Development – *Apna College (Sigma)*

LEADERSHIP & ACHIEVEMENTS

- **Treasurer, Kriya Club – Anurag University:** Managed finances and executed 25+ large-scale events, coordinating operations for 10,000–15,000+ attendees.
- **Chair, IEEE Women in Engineering (WIE) –** Anurag University: Led 10+ technical and professional events, managing engagement and coordination for 2,000+ participants.
- **Core Member, CSR Summit 2024 (South India):** Contributed to organizing one of South India's largest summits, coordinating logistics and operations for 1,500–2,000 attendees.
